A Miscellany of Comments on the 55 Year Reunion held on 1 September 2012

A splendid day, well organised and very much appreciated. A big thanks.

Just a quick note to you all for a wonderfully organised event that we both enjoyed immensely.

A most enjoyable day, good company, good food and even good weather, in fact I think I enjoyed it more than last time, but then I am not sure I remember last time due to either age or alcohol!!!

This is just a personal thank you for organising the 55th reunion event -- I concur with everything that was said after lunch in praise of your efforts.

A massive thank you for organising such a splendid day on Saturday. I didn't think anything could top the event of 5 years ago but this was just as brilliant. I think last time my overwhelming feeling was one of amazement that such a day had occurred and this time it was total enjoyment all the way.

Just a word to say how enjoyable Saturday was and to echo the thanks expressed at the lunch for the organisers. It couldn't have been a bad school to have turned out such a bunch of laid back and entertaining guys.

Sincerest thank to you [Trevor], Ian & Colin for organising the reunion. I know from my own experience that good administration is invisible, as it was on Saturday.
