RUTLISH SCHOOL RE-UNION MAJORS ON NORMAN SEARCH

A 50 year re-union, being organized by the 1957 Rutlish Grammar School intake, has led to an extensive search for fellow pupils. Contact has been made with eighty seven of the initial one hundred and seventeen schoolboys by scanning the many data bases available and networking with the Old Rutlishians membership list - and the hunt is on for the rest

There are still twenty five classmates unaccounted for, with five sadly deceased, and top of re-union organisor Trevor Musk's list is Peter Norman who went to Merton Abbey Primary School with him. He has 'dug up' three clues to date in that Peter's Dad, Mr. E. L. Norman, was the Head at Merton Abbey Primary School when both were there, Peter's family lived in Rosendale Road, West Dulwich and Peter joined an insurance company with 'north' or 'northern' in its name, as an actuary student in 1966. Can any readers offer further clues to Peter's whereabouts?

Trevor would also appreciate information on the following names if any readers know their whereabouts

Michael Bishop	Dudley Brown	David Clarke	Terence Cleary
Mr Clegg	Norman Fisher	Howard Hill	Igo Lemanski
Philip Lowther	Russell Martin	Jon McCarthy	Ken Messenger
Barry Moore	John Parker	Graham Pink	John Plummer
David Smith	Chris Sutton	Vernon John Vincent	
Peter Watts	Nick White	Norman Woollard	

The re-union is building up to be a big success with fifty of those contacted wanting to attend with many more 'probables' likely to swell numbers further. It is to take place on Saturday 1st September, 2007 preceded by a round of golf on the Friday and appropriately the venue will be the Old Rutlishians Clubhouse in Poplar Road South, Morden

Are you on the above list, do you know the whereabouts of any of the names and have you any details on Peter Norman – if so contact Trevor Musk on ***musktj@aol.com*** ***or*** ***07742 593610*** after having, of course, obtained permission from the person you know
